Reikon 1 1/8" tapered bars, Sachs 48mm forks (lifted the PRS Enduro 250), Galfer brake rotors, bi let aluminum foot pegs and red metallic frame, subframe and hubs. The Extreme model adds \$1,000 to the MSRP @ \$995. Our test facility was a tight, single-track section July - 2017 Every now and then a product comes along

Measuring Guide Dust Scraper Oil Seal MEASURE A: corresponds to the fork's rod diameter on which the seal has being designed to work on. Example: to distinguish from 48S oil seal from a 48W one, we suggest to look for "C" measure difference rather than "B" one. MEASURE B: corresponds to the outer seal diameter measured on its most external fitting protuberances.
